Tim,
I am forwarding this information to Aly since she has taken over Shelby's role for Flock Safety.

Aly,
The proposed location will be difficult to work with. Would you be able to provide more information or alternative locations? Please see the attached document for conflicts. There will be ~ 3' of fill to be placed at the proposed location.

Thank you,

Samuel "Clark" Nichols, EI

Samuel,

I received comments back from ST Wooten. Please see his comments below pertaining to the Encroachment submitted by New Hanover County Sheriffs Office. If you have questions, please let me know.

Thanks,

Tim Godwin

Hey Tim,

Sorry for the delay, it sounds like you all have everything you need from us for Piedmont now?

For this one, I've marked up a couple drawings (attached) to try and figure out roughly where they want to put this camera and if there are any conflicts. With the information I have it looks like they are wanting to put this camera/pole where we will need to place several feet of fill. It looks like they just put their plan together based on the existing conditions so I'm not sure that if they knew this if they might want to relocate their camera somewhere else? Otherwise I'm not sure this is a big deal. We could probably work around it but that's not what we prefer to do. Would you want to check with them and see if there are other options? I don't mind looking at some other options that might work better but it might help if I had some more information from them. Do you want to check with them and see if they want to review this some more before we move forward?

Thanks,

Thomas Bowers

Subject: Encroachment New Hanover County Sheriffs Office Camera Safety program

Thomas,

New Hanover Sheriffs office is requesting a Hold Harmless for there Flock Safety program. I have attached an image of the purposed location for the Camera. Let me know if you have any questions.

Also have you looked at the encroachment for PNG (Gas) for there request for a Hold Harmless.

Thanks,

Tim Godwin
